

## EMPLOYMENT, ENTREPRENEURSHIP, & CAREER EXPLORATION

### 1. Demonstrate employability by doing the following:

Locate a potential employer and/or post-secondary education, complete an employment/college application form correctly, write a resume, and complete a job/college interview.

### 2. Demonstrate the ability to be entrepreneurial and self-starting.

### 3. Understand and demonstrate the qualities needed to maintain a job and/or succeed in college, such as dependability, the ability to set and meet goals, the ability to work with others, etc.

Research a career, showing understanding of the following:

1. The educational and personal qualifications required for the career,
2. The nature of the job,
3. The potential benefits and drawbacks of the career,
4. The advancement opportunities and future of the field,
5. Related fields or careers, including a secondary career option, and
6. A paper or presentation describing your post high school plans.
